PROFILE SUMMARY

Performance-driven Full Stack Developer with hands-on experience in the MERN stack, Next.js, and AI integration via LangChain. Proven track record of delivering production-ready applications through internships and freelance projects, focusing on scalable database architecture and responsive UI/UX.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, Python, Java, SQL, ABAP
Frontend: React.js, Next.js, HTML5, CSS3, Tailwind CSS, Responsive Design
Backend: Node.js, Express.js, REST APIs, Prisma ORM
Databases: MongoDB, PostgreSQL, MySQL, Firebase
Tools: Git, GitHub, Docker, Postman, Vercel, SAP BTP

WORK EXPERIENCE

Full Stack Developer Intern | Growlity Pvt. Ltd. | *Surat, India* — Dec 2025 – Present

- Architected an AI-powered chatbot using LangChain and OpenAI, automating **40%** of initial sustainability inquiries for corporate clients.
- Developed scalable web modules using Next.js and PostgreSQL, improving data retrieval speeds by **20%** through optimized query structures.
- Managed and customized WordPress environments for high-traffic sustainability platforms, ensuring **99.9%** uptime.

Freelance Web Developer | The Nutty Choco Morsels | *Remote* — Jan 2026 – Present

- Architected and delivered a high-performance, two-tier e-commerce ecosystem (Consumer App + Admin Portal) using React 19 and Firebase, reducing manual order processing time by **40%**.
- Engineered a mobile-first Progressive Web App (PWA) with offline persistence and real-time inventory syncing, ensuring a seamless customer checkout experience on iOS and Android.
- Developed a secure Admin Management Dashboard with real-time Firestore snapshots, live revenue analytics using Recharts, and automated FCM push notifications for order alerts.
- Optimized system performance and UI/UX by implementing Tailwind CSS 4 and Framer Motion, achieving sub-second page loads and high user engagement through fluid micro-interactions.

SAP Educate to Employ (E2E) Intern | SAP | *Remote* — July 2025 – July 2025

- Developed custom backend business logic using ABAP Cloud on the SAP Business Technology Platform (BTP).
- Optimized enterprise-level data processing by implementing custom OData services for SAP Fiori applications.

PROJECTS

Scan2Health – Health-Aware Web App | *PHP, Food Data APIs*

- Built a barcode-scanning web application that analyzes nutritional data to provide instant health ratings.
- Integrated external Food APIs to process real-time dietary information, serving accurate data for over **10k+** scanned products.

Customer Order Tracking System | *SAP ABAP, RAP, CDS Views*

- Developed a Customer Order Tracking System using SAP ABAP and RAP, implementing CRUD operations for efficient order and inventory management with high data integrity.
- Built CDS Views and exposed OData Services to support real-time reporting and integration with SAP Fiori and external enterprise applications.

The Nutty Choco Morsels – E-commerce Platform | *React.js, Firebase, Tailwind CSS*

- Built the TNCM Bakery Platform, a full-stack ordering system with dynamic menu, real-time order tracking, and admin management portal using React 19, Vite, and Firebase.
- Implemented a cross-platform PWA with Vite PWA and Firebase Cloud Messaging, enabling installable app experience, background syncing, and persistent local caching.

EDUCATION

B.E. in Computer Science Engineering | CGPA: **8.65/10.0** — 2022 – 2026

Gujarat Technological University | R.N.G. Patel Institute of Technology

CERTIFICATIONS

- SAP Certified Associate: Back-End Developer (ABAP Cloud)
- SAP Certified Associate: Backend Developer (Cloud Application Programming Model)
- Oracle SQL Certification • The Ultimate SQL Bootcamp: Zero to Hero in SQL Development • Git & GitHub
